Experience

The Valley Athletic Club
FLOOR STAFF

Tumwater, WA
AUG, 2018 - AUG, 2019

- Kept all of the facilities consumables stocked while maintaining a high level of cleanliness within the club. This required efficient time-management skills as well as planning ahead.
- Job duties also required interpersonal skills such as conversing with members. We were also encouraged to work as team to keep morale & team spirit up.
- Required effectively and efficiently working within a team as well as facilitating problem solving skills to make autonomous decisions. This would occasionaly require working under extreme stress such as escorting emergency services in the cases when a member would find themselves injured.

U.S. Soccer Federation
REFEREE GRADE 8

Lacey, WA
MAR, 2014 - AUG, 2017

- Responsible for knowing and enforcing the rules of soccer and how these rules vary from kids, seven years of age, to adults.
- Responsible for checking the safety of goal posts, field conditions, and attire of players so that hopefully no one gets hurt.
- Job required fine-tuning time management as well as the ability to work with agitated coaches or parents. This would require split second decisions on difusing aggresive spectators or deciding on what call to make.

Personal Projects

Study With Japan
N/A

- Built with HTML, CSS, & JavaScript.
